LAFOLLETTE HAS BOOSTING CLUB

Live Wire Kiwanians Working For Welfare of Campbell County Town

Special to The Knoxville Sentinel.

LAFOLLETTE, Oct. 27.—The regular Tuesday noon luncheon and business session of this live wire organization was a particular interesting affair this week. Uless Carden distinguished himself as the chairman of the meeting. His remarks were very pleasing and his subject a most satisfactory one for the occasion. Each member of the club was asked by the chairman to express in a very few words his opinion as to what one thing the town of LaFollette most needed. Naturally the answers were varied, but on the whole were crystallized by Jim Snyder in the words "Continued Co-operation."

Sponsor Scout Movement

At the previous week's session the club unanimously voted to sponsor actively the local Boy Scout movement. Bill Barton, secretary of the LaFollette council, Boy Scouts of America, presented a concise budget of anticipated expenditure. This budget aggregated approximately \$1500.

Minstrel Show Nov. 11

Instead of raising this fund by local subscriptions it was voted to put on an up-to-date minstrel show in local theatre on Friday evening November 11. This affair will be in the hands of the entertainment committee of the club, and already this committee is hard at work making arrangements. The club has a great deal of latent talent and this will be the first opportunity for the townspeople as a whole to observe it.

While as a body the Kiwanians do not enter the political field, they
