To: Jennifer Fields, Campbell County School Director, Robbie Heatherly CTE Director, Ben Foust Principal at Campbell County High School, Board of Education Campbell County

Beginning with a thank you for the opportunity to serve in a teaching capacity over the past several years, I have done the best of my ability to instill education, honor and accountability to each student that I have encountered as well as push them to succeed in not only their educational abilities but more importantly, their future with either college or career and as citizens. I know I have reached many and have been blessed seeing them succeed.

Considering the present accusations and investigation, with a heavy heart I am resigning from the position of Criminal Justice teacher at Campbell County High School. I have been burdened with the current issue until it has affected my health, my home life as well as blemished my reputation and character in to the community in many negative ways that I feel is irreversible. I deny any accusation of wrongdoing especially of a criminal nature but feel that it is in my best interest to part ways to salvage my name and reputation. I no longer feel that I could safely teach in the current environment where any allegation can cause this type of devastation for me, as well as my family's lives.

Thank you for allowing me to be part of your team and my prayer for this is that the faculty and staff as well as students and the administration strive forward to make this the best educational system that it can be. I have worked with some amazing mentors and teachers along the way and am honored to work alongside them. I will miss the staff and friends that I have made along this journey. This decision is my best effort to protect myself and my life for the future.

Thank You,

Brian Nelson
